CAREER OBJECTIVE

A passionate Computer Science and Engineering student with hands-on experience in competitive programming and software development across multiple languages including C, C++, Java, and Python. Known for strong logical reasoning, algorithmic thinking, and a quick ability to grasp and implement new concepts under pressure. Experienced in building real-world applications using Django, MySQL, and modern development tools. A disciplined team player who thrives in problem-solving environments and is committed to continuous growth. Seeking a professional opportunity to leverage my technical expertise and drive to deliver impactful, high-quality results..

PHYSICAL PROFILE

Height: 168 cm	Weight: 70 kg	BMI: 24.8 (Normal)
